

STEPHEN L. WAMPLER, P.E., P.G.

EDUCATION:

M.S., Geological Engineering, University of Missouri at Rolla, 1972

B.S., Geological Engineering, University of Missouri at Rolla, 1971

PROFESSIONAL LICENSES AND CERTIFICATIONS:

Professional Engineer: Arizona, Arkansas, Colorado, Georgia, Idaho, Illinois, Indiana, Kansas, Missouri, Nebraska, Nevada, New Mexico, Ohio, Oregon, Utah, Washington and Wyoming

Professional Geologist: Arkansas, Georgia, Mississippi, Missouri, North Carolina and Wyoming

Certified Petroleum Release Remediator in South Dakota

Certified Environmental Manager in Nevada

Certified Monitoring Well Installation Contractor in Missouri

PROFESSIONAL MEMBERSHIPS AND AFFILIATIONS:

Interstate Technology Regulatory Council, Alternative Landfill Technologies Team

American Society for Testing and Materials

Geological Society of America

National Ground Water Association, Society of Mining Engineers, Treated Wood Council, and Western Wood Preservers Institute

CURRENT PROFESSIONAL INVOLVEMENT: 1997-present, **AquAeTer**, Technical Director

Mr. Wampler is Vice President and Director of Engineering for **AquAeTer**. Based in Denver, Colorado, he works as a principal geological engineer and hydrogeologist responsible for corporate quality assurance, strategic planning, and project technical oversight and review. He has 30 years of experience in engineering geology, hydrogeology, geotechnical engineering, and environmental consulting, with much of that experience dealing with the management of solid, hazardous, and radioactive waste materials and response to releases of hazardous and radioactive constituents into the environment. His MSW and HW landfill experience includes permitting, design, construction, environmental monitoring, closure and post-closure care. He has been involved with the ITRC Alternate Landfill Technologies team since the start of the team's efforts concerning alternate final covers and post-closure care. He holds B.S. and M.S. degrees in Geological Engineering from the University of Missouri at Rolla and is a registered Professional Engineer and Professional Geologist in several states.

PRIOR PROFESSIONAL INVOLVEMENT:

1984-1997 James L. Grant and Associates Inc./Grant Environmental, Vice President, Senior Engineer/ Geologist

1972-1984 Law Engineering Testing Company, Senior Engineer/Geological Engineer/Project Manager

AREAS OF EXPERTISE:

Site geologic and hydrologic characterization

Groundwater monitoring systems design, installation, sampling and data evaluation

Solid and hazardous waste management facility permitting, design, construction, monitoring and closure

Groundwater and soil remediation and risk-based corrective action

Pre-acquisition and regulatory compliance assessments

Environmental litigation support for industrial clients

KEY CLIENTS AND INDUSTRIES:

Municipal solid waste management

Commercial and industrial hazardous waste management

Preserved wood products manufacturing

Chemical manufacturing

Surface coal mining
